

altripan uk ltd

Quality plywood since 1968

PRODUCT DATA SHEET

Duro-Tech Plus

100% Rubberwood Core | Phenolic Glue EN 314 Part 2 Class 3

Available in a range of thicknesses, our Duro-Tech Plus panel is an excellent alternative to Birch plywood. With its multi-lamination core construction and thick, long grain face veneers, users of the material can expect a high end finish on this product that's been manufactured exclusively for the UK market.

- ✓ **BB/BB**
- ✓ **Mersawa Faces**
- ✓ **PEFC Controlled**
- ✓ **EN 636-3**

Specification	
Face Grade	Available with BB/BB or BB/CP face veneers
Thicknesses	Ranging from 6mm – 24mm
Dimensions	2440mm x 1220mm
Core	Multi-laminated construction, no overlapping of core veneers and minimal core gaps
Finish	Plug free faces and 200+ grit sanding offer an exceptionally smooth and workable surface
Properties	Duro-Tech Plus is a CE marked product offering tight thickness and dimensional tolerances
Performance	Manufactured with a phenolic glue bond throughout, achieving EN 314 Part 2 Class 3 and EN 636-3 end use class ratings
Application	Furniture, cabinets, multi-purpose lamination, building applications, exterior applications (once suitably protected) and other general usages
